

Sign Crew Home Games

1. Put sign case, table for spirit items, rolled up sign to hang and bungee chords in the wagon to carry down.
2. Bring the two rolling bags with spirit items to throw. (Right now we are missing one of these bags, so there may only be one)
3. Bring the big black spirit table tub that rolls and the clear tub that rolls.
4. The table and the 2 tubs of spirit items will need to be left under the bleachers up against the wall close to the game entrance.
5. The cart with signs and the spirit bags with items to throw need to be placed directly in front of the cheerleaders in the middle. The sign should be hung on the fence in the middle of the formation using the bungee chords.
6. At the end of half time, bring back the table and the tub from the spirit table sales where the parents are to the field house.
7. At the end of the game bring all above items back to the field house and put them in the same spot they were in.
8. No one leaves until all items are back in the field house. Always walk together as a group!
9. Sign Crew should always be in FULL uniform! You can only have your cheer backpack on the track. No one should be on your phone during the game, or eating. You will sit in the designated area on the track given by the coach.
10. Fill the water cooler with water bottles and then put ice over it from the training room.
11. Sign Crew will rotate being the mascot, if there is not a mascot currently and will need to also bring down the mascot suit.

***All items will be taken to the field house right after the pep-rally.**

Sign Crew Away Games

- 1. Put sign case, rolled up sign to hang and bungee chords in the wagon and load on the bus.**
- 2. Bring the two rolling bags with spirit items to throw and load on the bus.(Right now we are missing one of these bags, so there may only be one)**
